Skills

- Motion capture editing
- Key frame animation
- Solving and retargeting
- Rigging and skinning basics
- Communication
- Adaptability

Software

- Motionbuilder
- Maya
- Hansoft
- Perforce

Personal Profile

I am a dedicated and reliable animator with a degree in Games Animation and 4 years professional industry experience working as a Motion Capture Editor at Centroid. I have worked across the full mocap pipeline, from production capture to cleaning and implementing the data, applying studio techniques and workflows I have developed from my career and university education. I animate with Maya and Motionbuilder and with experience working on AAA titles, I have learnt and enjoyed bringing life to characters, alongside dynamic prop and environment interactions. Having lived in multiple countries I adapt quickly to new environments and enjoy new challenges.

Work experience

Motion Capture Editor

2021 - Present

Centroid - London

- Motion capture post team - integrating the motion capture data with multiple characters, environments and props
- Processing motion capture data through the pipeline onto character rigs for gameplay and cinematic animations on AAA titles
- Plan and manage files through Hansoft
- Using Perforce for version control of data
- Motion capture production - preparing performers for capture, setting up the stage volume, assisting with system calibration, HMC equipment and reference footage in a fast paced environment

Bar Staff

2018 - 2020

Angels Bar Club - Berlin

- Cash handling, communication and teamwork in a fast-paced environment

Sales Assistant

2017 - 2017

Cotter's Bar Shoes - Gloucestershire

- Stock management, customer service and retail assistance

Merchandiser and Sales Assistant

2016 - 2017

Debenhams - Gloucestershire

- Stock preparation and customer service
