- Retargeting
- HMCs and finger tracking
- Key-frame animation
- Problem solving
- Communication
- Adaptability

## SOFTWARE

- Motionbuilder
- Maya
- Unreal Engine
- Hansoft
- Perforce

## PROFILE

I am a dedicated and reliable animator with a degree in Games Animation and five years professional experience as a Motion Capture Editor at Centroid. I have worked across the full motion capture pipeline, from on-set production capture to implementing and cleaning the data in Motionbuilder, applying studio techniques and workflows I have developed from my career and university education. With experience working on AAA titles, I continue to learn and enjoy bringing life to characters, alongside dynamic prop and environment interactions. Having lived in multiple countries I adapt quickly to new environments and enjoy new challenges.

## EXPERIENCE

**Motion Capture Editor**

**Centroid; London — Sept 2021 - Sept 2026**

- Motion capture post-production - integrating the motion capture data with multiple characters, environments and props
- Motion capture production - preparing performers for capture, setting up the stage volume, assisting with system calibration, HMC equipment and reference footage in a fast pace environment
- Retargeting motion capture data onto character rigs for gameplay and cinematic animations on AAA titles
- Plan and manage files through Hansoft
- Using Perforce for version control of data

**Bar Staff**

**Angels Bar Club; Berlin — 2018 - 2020**

Cash handling, communication and teamwork in a fast-paced environment

**Sales Assistant**

**Cotter's Bar Shoes; Gloucestershire — 2017 - 2017**

Stock management, customer service and retail assistance

**Merchandiser / Sales Assistant**

**Debenhams; Gloucestershire — 2016 - 2017**

Stock preparation and customer service
